 - b. Abstract
2. Motivation
 - a. Objectives
 - b. Intended audience
 - c. Relevance (in particular for the MoDELS community)
 - d. Context (any past events related to your workshop: related conferences, previous workshops, previous sessions, previous implication of the current organizers, etc.)
 - e. Need (comments in favor of your application, if your workshop was at MoDELS'07 or any of the former conferences, why is it useful to run it again?)
3. Organization
 - a. Organizers (name / affiliation / background / related experiences):
 - b. Workshop program committee (indicated as finalized or expected):
 - c. Would you be willing to merge your workshop with other workshops on a similar topic if this was a condition for hosting your workshop at MoDELS?
4. Workshop Format
 - a. Planned deadlines
 - b. Intended paper format (expected submissions, evaluation process, intended publication of accepted papers, etc.):
 - c. Intended workshop format (duration, number of presentations, proceedings publication, planned keynotes, etc.):
 - d. How many participants do you expect (please make at least an educated guess)?
 - e. What kind of equipment do you need (data projector, computer, blackboard, etc.)?
5. Additional material
 - a. Workshop Web Page (URL of the draft web page, if one exists)
 - b. Draft Call for Papers for the Workshop (a one page "Call for Papers" that you intend to send out if your workshop is accepted).
